.....

Climb the mountain, reach the peak,
Up the route, take the trip.
Shatter the fear, the pain within,
Englighten the joy, the spirit therein.
Uproot weakness from the very depth,
Reflect strength in every breath.
Discover dimensions with new entity,
Invent Creations with awesome Creativity.
Impart shape to imagination,
Pave the way to new generations.
Glow the world with sparkling lips,
Forget the loss...remember the gain.
Feel the magic, rest is vain.
