.....  
I fight alone.  
It's solitude.

I voice the mute.  
It's insufferable.

You don't stand on your feet,  
I try to be your crutch.  
It's intolerable.

I seek freedom with head held high,  
But your heads are hung low.  
It's shameful.

I can voice you but you need to have thoughts.  
I can hold you but you need to fall free.  
You need to be free to be conquered.

You are handicapped  
I pity you!!!
